Throughout my career, I've designed over 60 logos and corporate identities, dozens of interactive websites and scores of pieces of print collateral. I was part of an engineering firm's design team that won hundreds of litigation cases in court during my employment. Armed with a strong illustration background, I can quickly take a project from concept to completion with a fresh perspective and unique twist.

Production:

- Illustration
- Logo Design
- Web Design
- Flash Animation
- Print Production
- Litigation Graphics
- Photo Retouching
- Ad Layout and Design
- Power Point Presentations
